

Polson Higgs Client Advice # II – Government Packages, Polson Higgs Helpline and a Webinar

All of our worlds have changed quite dramatically in the past few days, and there is certainly a lot of changes and information to deal with.

Part of the information overload is around the Government Support Packages that have been announced, and how they will affect your business. Are you eligible? What is the real world effect of the packages? What do you do to apply?

Because of this Polson Higgs has setup a special helpline for clients covid19@ph.co.nz. If you have any questions relating to the Government Packages please do not hesitate to ask.

We have already dealt with a large number of questions around the wages subsidy and eligibility. If you have already applied (great for getting on to it) you may want to check that you have applied for everyone that is eligible including the business owners? If you haven't we can help you with the application.

Yesterday we ran a webinar covering some of the employment law issues, business issues and economic impacts of what we are all now facing. If you are interested in viewing the webinar [please click on the link](#)

All our staff continue to work from home and are available to help, just send them an email or phone them on their direct dial number.

Stay safe and keep in touch.

Kind regards

Polson Higgs Team
